DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The examiner's statement of reasons for allowance is set forth the same in the Applicants' remarks as repeated followings:

“...many features that are not disclosed or suggested by Stephens. Independent claim 1, for example, recites “retrieving a voice communications address and another voice communications address from the profile.” Support for such features may be found at least in the as-filed application at paragraph [0025]. Independent claim 1 also recites “routing the message to a destination Internet Protocol address” and “when an off-hook condition is detected at the voice communications address within a pre-selected time period from the routing of the message, then automatically establishing a voice connection between the voice communications address and the another voice communications address” (emphasis added). Support for such features may be found at least in the as-filed application at paragraph [0025]. Independent claim 1 is reproduced below, and independent claims 11, 12, 14, and 18 recite similar features...”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
